34) The Dcs are though agreeable with the
Comptroller's ^{proposed} plan of supply of the books
being received regularly from the Govt press

2501/only

storage and supply of printed Receipt-Books
and hence proposes that the municipalities may
be permitted to get them printed in any
approved private press but the L.C. Officer
of the view that as at present supplies
are made from Govt. presses are charged at
half the cost under Rule No. 377 rule 23 and 24
of the Municipal Accounts Manual, the printing
of forms in private presses would be more
costly and ^{that it is desirable} ~~therefore~~ suggests that the Govt. press
~~may~~ ^{should} keep adequate stocks of these books
and supply ^{them to} the municipalities on request. This
course is also considered to obviate the difficulty
of consolidating the requirements of all the
Municipalities in the L.C. office without timely
orders being received from the Municipal
Presidents.

35) The L.C. Chief Clerk however considers
that it is better if the Comptroller continues
to be responsible for the stocks and
issue of these Receipt-Books.

36) Subject for perusal and order - Reference
paras 9 and 10 supra

^(Case 26/11/4)
^{27/11/4} 37) Repts are still due from
the D.C.s of Tumkur &
Shimoga in this matter since
they did not reply to the letter

for 1"

D.O. letter dated 17th 11/4) requesting the
submission of their forms before the

20th Nov^r 1947, it may be
safely assumed that they are
opposite to the proposal made by the
Comptroller in this behalf

38) The present proposal is in modification
of the one approved by the Govt in their
Hag 0 order no 21266-757 ml 365-2-2
dated 13-8-1930. The reasons for
recommending a change in the existing system
are explained in the Comptroller's letter

Hag 0, dated 30th June 1947,

39) The majority of the DCS forms & receipts
are received are in favour of ~~the~~
adopting the modified procedure
suggested by the Comptroller. The
Manufacturers' Council may get the supplies
required for the Superintendent, Govt Printing
who may continue to print & keep the
required stock or ~~print~~ to get the
printed at private presses approved by
the Superintendent, Govt Printing.

40) Not only the HOs would have
to meet the entire expenditure on
getting these forms printed & where
they are getting the same for

half the ^{fuller for the Govt Press,} cost, but there is also ^{some} of safety in getting them printed in private presses, as they are all revenue receiving firms - a central agency both for printing the same & distributing them - which certainly ^{without} would be a very desirable arrangement, as it would afford the required check in regard to the proper use of these forms. It would not be in the interest of local bodies to allow them to have the forms printed in private presses.

41) The Comptroller has stated that, in view of the tremendous pressure on the Govt Press, it has not been possible to get the required no. of forms printed in time & supply them to the other concerned. That the local bodies may be permitted to get their requirements ^{as in the Madras Presiding} printed at private presses. If this proposal is to be approved, certain safeguards have to be prescribed such as having ^{some} approved firms in each dist. to do this work for the M.B.s & receive the cost from them etc.

(21) (212)

Before passing orders in the
 suggestion of the Comptroller, it is for
 for consideration if the Supdt,
 first printing may not be consulted if he
 could have these forms printed ^{continued to be} into first press as
 hitherto sufficient then direct to the mills on instal-
 or whether he would support any approved
 presses to ^{where} ~~constitute~~ this work maybe
 entered into advantage & with suitable
 safeguards

From

The Superintendent Book printing

No A 2341 dated 11 2 48

Encloses her views on the matter

48) Due to the abnormal conditions heavy work at the Book press and the difficulty of securing timely and adequate supply of paper and other printing materials as well as labour the Supr Book printing is of the opinion that the printing of these may be ^{have} got printed as a temporary measure at present

2689/21 V 4812/21

presses by the Municipalities themselves also may be responsible for their proper printing, stocking and use

49) It has however been held at para 40 supra that it would not be in the interest of local bodies to allow them to have the forms printed at private presses

50) The reference to the Sept. 1941 printing was to agree to let these Receipts printed in Govt press as hitherto or to suggest approved ~~private~~ private presses in the several districts to show that approval may be obtained with advantage and under proper safeguards

51) Subs for orders - Re: paras 41 and 42 supra

23/2/48 ²⁴⁻⁴⁸ 52) The Superintendent, Govt Printing has not answered the point referred to at A supra

53) From the constructive point of view it is unsafe to entrust the printing of these forms to private presses and the Superintendent, Govt Printing should be requested to make special arrangements to get them printed either in the Govt press or in the private press in whom he has confidence. It is most inadvisable to entrust it to the others themselves. Ref a para per sec 24/2/48

Re Supply of Printed Receipt Books to the several
Municipalities in the State

From

The Comptrollerⁱⁿ

Letter N 527/LR dated 15/5/48

Requesting, to kindly ^{and} consider the
question of printing and supplying of receipt
Books relating to the collection of Pounds,
Octon House Tax and other items of Revenue of the
Municipal Councils

Prior to August 1930 the receipt
Books relating to the collection of Pound, Octon
Mokavara Revenue and other Miscellaneous
receipts of the Municipalities were being printed and
supplied by the Govt Press to each
Municipality direct or indirect received by him
annually. To prevent misissue of the receipt books
and consequent loss of revenue Rule 377 of the
Municipal Manual prescribes the procedure for the
proper accounting of these receipt books by each
Municipality.

2) With a view to prevent the misissue
of the receipt ^{Books} consequent loss of Revenue
the Comptroller, suggested a revised procedure
by which he undertake the responsibility of
stocking and supplying of receipt books to
the Municipalities since then the revised

Procedure is in vogue

3) Recently in June 1971 the same Comptroller, after a period of 17 years, desired that the Local Bodies might be made responsible for stocking and regulating the issue of receipt books etc either by getting them printed in the Govt Press or from an approved press, on the ground that such a system is in vogue in States

The proposal was considered by the Administrative Sect who have come to the conclusion that the present system of Comptroller being held responsible for the stocking & supplying the receipt books to the several municipalities may be continued for the following reasons -

(1) These are revenue receipt forms and it is not safe to entrust the municipalities with the responsibility of getting the forms printed in private press as it would likely to tend to misuse of the forms & the consequent loss of revenue

(2) The cost of getting the forms printed in private press would be abnormal and the municipalities would be deprived of the advantage of having them printed in the Govt Press at nominal cost

LIII
JL 247

4) The committee has again passed for the reconsideration of the orders passed by Govt on 10-5-48

5) The question has been considered at length by Govt in the administrative secret and orders passed therein as early as May 18

6) Subd for orders with the given papers containing the necessary discussions on the subject

To

The Financial Secretary
to the Government of Mysore
Bangalore

Re Supply of Printed Receipt Books to several
Municipalities in the State

M-11 G 12
4-5

I have the honour to state that in accordance with G O No L 1266-75/ML 365-29-2 dated 13-8-1930, this office is required to keep sufficient stock of Receipt Books relating to the collection of Pounds Octroi House Tax and other Miscellaneous Items of Revenue of the Municipal Councils distributed all over the State after getting them printed by the Superintendent Government Printing and issue them on indents as and when necessary to the various Municipalities (vide list enclosed) For attending to this work a hand is also sanctioned to this office in G O No L 5526-34/ML 365-29- dated 6-1-1931 and made permanent in G O No FL 5789/GF 12-38-114 dated 6-3-1941 However in actual working this arrangement has not been found to be working satisfactorily In recent years complaints are very often being received regarding non-supply of Receipt Books by this office One reason for this state of affairs is that while the printing of these books is done by the Superintendent Government Printing their custody and disposal have to be attended to by this office In view of the tremendous pressure on the Government Press in respect of the

printing work to be done for Government Departments it is finding it extremely difficult to meet the demands made on it by scores of Municipalities. It has therefore become impossible to keep sufficient reserve stock in this office and supply the same to the Local Bodies as and when required by them.

With the expansion of Municipalities both in number and size the consumption of forms has increased enormously in recent years and the task of stocking and supplying Receipt Books of different kinds has become extremely difficult. Whatever may have been the advantages claimed for adopting the procedure prescribed in the Govt Order of 13-8-1930 seventeen years ago whereby this office was placed in the position of a supplier of certain Books and Forms to Local Bodies the disadvantages in the present arrangement far outweigh the advantages. I am of the opinion that if the Local Bodies have to function efficiently with a full sense of responsibility in the matter of the prompt realisation and accounting of their revenues they should be held responsible for making proper arrangements for stocking and controlling the issue of Receipt Books etc instead of depending on this office which in turn has to depend on the overworked Government Press. I therefore recommend that they ^{may} be required to get these books direct either from the Superintendent Government Printing or from ^{Private} Presses approved by the Superintendent Government Printing and keep a proper and complete account of receipts and issues which will be subject to local audit in due course (i.e. after such local audit is resumed after a permanent improvement in the recruitment position).

In this connection I have ascertained the practice prevailing

in Madras in this matter The Local Fund Examiner Madras Government who was addressed has replied in his letter No L F 520 dated 26th April 1947 (copy enclosed) that the Local Bodies are required to get their printed registers and forms direct from Private Presses with which contracts are let by the Madras Government No form or register is stocked by the Local Fund Examiner for issue to Local Bodies and this fact is not held to vitiate in any manner the local audit conducted by the Local Fund Examiner It also stands to reason that in the interests of Local Bodies looking after their internal administration satisfactorily all such items of work should be done by them without the intervention of any other office

I therefore request that sanction of Government may kindly be obtained and communicated to the above proposal so that I may give effect to it as early as possible

The custody and issue of Cheque Books relating to Local Bodies may however continue to be looked after in my office for the present

Early orders are solicited

I have the honour to be
Sir
Your most obedient servant

V. Srinivasan
Comptroller

Letter No L F 520 dated 26th April 1947 from the
Examiner of Local Fund Accounts Kalpauk P O Ladrass, 10, to the
Comptroller to Government Bangalore

Ref - Your letter No 488/L R dated 21st March 1947 re
stocking and supply of Forms

A copy of the Rules regulating the purchase of Account Forms by Municipal Council is enclosed. The supply of Account Forms for the use of Local Boards and Municipal Councils is arranged for by Government, a contract being given to a private press, the forms and the rates being approved by Government. Forms similar to these referred to in your letter are therefore got by the Local Bodies of this Province on indent from the contract press. No stock is kept in this office.

Rules regulating the purchase of Account Forms their general maintenance and the accounting of the stock thereof by Municipal Councils

(G O No 4054/L & M of 13th Octr 1932 & G O No 2401/LA of 4-7-1940)

FORMS

1 No Municipal Council shall obtain its supply of any of the Account Forms laid down by the Government under the powers vested in them by the Act or the Rules made thereunder except from such source or sources as may be specified by the Government from time to time.

2 The Indent for the supply of Forms shall be in such form as may be laid down by the Government from time to time.

3 No Account Forms other than those laid down by the Govt under the powers vested in them by the Act or the Rules made thereunder shall be used by Municipal Council without the previous sanction of the Government.

STOCK ACCOUNT OF FORMS

4 The Executive Authority shall arrange for the proper maintenance of a stock account in such form as may be laid down by the Government from time to time, and for such form as may be specified in the headings therein as well as for all forms of tickets printed for use in Departmental Collections of Revenue. The correctness of the Stock account of forms shall be verified.

at the end of every half year by the Executive Authority or the Secretary if there is one

RECORDS

5 (1) All Accounts and Registers shall be maintained in English provided that any subsidiary accounts or registers may with the previous approval of the Examiner of Local Fund Accounts be maintained in the language or languages of the District

(2) All corrections and alterations in accounts shall be neatly made in red ink and attested by the Executive Authority or a responsible officer of the Municipal Council Alterations and corrections in bills shall likewise be authenticated by the drawer

DEFINITION

6 In these Rules "Government" means the Govt of Madras

Rules - Municipal Councils and Local Boards - Purchase of Forms

The Secy of districts

Subject Supply of Receipt
Books to the several municipalities
in the State

Sir

I am directed to
state that under the existing
arrangement, the Comptroller
is required to keep sufficient
stock of Receipt Books relating
to the collection of pounds octroi
house tax and other miscellaneous
items of municipal Revenues for
supply to the municipalities
on orders placed by them.
The Comptroller to Govt in
his letter no 699/Lr dated
the 30th June 47 has ^{stated} ~~opened~~
that this arrangement has

not been working satisfactorily
as while the printing of these
books has got to be done
by the Superintendent, Gosh
printing, the Responsibility
for their custody and disposal
is made to Rest with the
Comptroller. The Comptroller
thus having to depend for supply
of these Receipt Books on the
Gosh press which has to function
under great pressure on account
of the printing work to be
done for Gosh Departments on a
priority basis, it ^{is not possible} ~~is not possible~~ ^{to find it}
feasible to ensure their regular supply to the municipalities
requiring them,
[and] the result there have been repeated
complaints from municipalities ^{of non-supply} ~~on their behalf~~
of ^{these} ~~Receipt~~ books to them with a view to
obviate these difficulties, it is suggested that
the Comptroller that he ^{may} ~~may~~ ^{the} himself be
made responsible for the stocking and issue
of these Receipt Books obtaining supplies ^{of them} ~~from~~ ^{either}

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

General and Revenue Secretariat

Dated Bangalore

No

2 1875-73

1 July 1877
8 47

FROM

The Secretary to the Government of His Highness the Maharaja of Mysore

Revenue Department

To

The Deputy Commissioners of Districts

Sir,

Subject:- Supply of receipt books to the several
Municipalities in the State

I am directed to state that under the existing arrangements the Comptroller is required to keep sufficient stock of receipt books relating to the collection of pounds, octroi, house tax and other miscellaneous items of municipal revenues for supply to the Municipalities on orders. The Comptroller to Government in his letter No 699/Lr dated the 30th June 1877 has stated that this arrangement has not been working satisfactorily as while the printing of these books has got to be done by the Superintendent, Government Printing the responsibility for their custody and disposal is made to rest with the Comptroller. The Comptroller thus having to depend for supply of these receipt books on the Government Press which has to function under great pressure on account of the printing work to be done for Government Departments on a priority basis, has not found it possible to ensure their regular supplies to the Municipalities requiring them, with the result there have been repeated complaints from Municipalities of non-supply of these books to them. With a view to obviate these difficulties, it is suggested by the Comptroller that the Municipalities themselves be made responsible for the stocking and issue of these receipt books obtaining supplies of them either from the Government Press direct or from any private presses approved by the Superintendent, Government Printing, subject to their proper accounting.

Dated Hassan, the 21st August 1947

Re supply of receipt books to the several municipalities in the State

In reference to your letter No. L 1815-23 dated 1-8-47, for my opinion re the proposed procedure for the supply of receipt books etc to the several municipalities in the State, I have the honour to state as follows:-

At present the forms, receipt books etc required by the municipalities are not printed in the Government press and supplied to them at the cost laid down in Article 377 note 2, 3 and 4 of the Municipal Account Manual. The Comptroller has to keep sufficient stock of these receipt books etc and supply to the municipalities on indent and debit in accounts therefor. It is now stated that this procedure has caused a great inconvenience both in the Comptroller's office and the Government press which is a great hindrance to the printing work of Government departments. Further, according to note 2 of Article 377 referred to above the Deputy Commissioner has to send a consolidated indent for the forms etc required by the municipalities. This procedure is impracticable since the municipalities do not send their indents regularly and the preparation of the consolidated indent for the several municipalities throws additional work on the staff of this office. In the result the regular supply of forms and receipt books to the municipalities has become impossible.

To obviate all these difficulties the Government press should print the prescribed forms and receipt books, have sufficient stock and supply them to the municipalities on direct indent from them and send bills for half the cost. This arrangement will remove the difficulties in the Comptroller's office and this office in sending a consolidated indent.

Sir,

Re Supply of receipt books to the Municipalities

With reference to your D O Letter No 10914-7 dated 17-11-47 on the above subject, I have the honour to state that the proposals of the Comptroller that the Municipalities may themselves be made responsible for the stocking and issue of receipt books obtaining supplies either from the Superintendent, Government printing or from any other press approved by the Superintendent, Government printing seems to be feasible in as much as, the new procedure suggested would besides obviating the difficulties in obtaining timely supplies from the Government Press, tend to facilitate work in the Municipalities. One of the private presses in Bangalore or Mysore may be entrusted to with the work of obtaining annual indents for receipt books from municipalities and supply their requirements either through the Comptroller or through the Superintendent, Government printing, Bangalore, the stamped receipt books being supplied only after being provided with the stamp of the Government of Mysore with a view to avoid fraud. The books will be in the personal custody of the Municipal Presidents of the Municipalities concerned and issued as and when required for use, after proper verification.

I have the honour to be,

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

No L 12157

General and Revenue Secretariat

Dated Bangalore ²⁶ Decr. 1947

FROM

The Secretary to the Government of His Highness the Maharaja of Mysore
Revenue Department

To

The Superintendent,
Government Printing, Bangalore

S I R,

Subject - Supply of Printed Receipt books to several Municipalities
in the State

I am directed to state that in accordance with the procedure prescribed in Government Order No L 1266-75/Ml 365-29-2 dated 13th August 1930, the Comptroller to Government is required to keep stock of the receipt books relating to the collection of Municipal taxes and other miscellaneous items of revenue, after getting them printed in the Government Press and to issue them on indents to the Municipalities. This system is stated to be working not quite satisfactorily owing to the increase in the number of Municipalities and their work, and the difficulty of getting the required forms printed in the Government Press and supplied in time to these local bodies. The Comptroller has therefore proposed making the Municipalities themselves responsible for stocking these receipt books, getting them direct either from the Government Press or from private presses approved by you.

Government consider that the printing of these revenue recovery forms in private presses would not be safe and economical and that it is desirable to have a Central Agency for getting the forms printed, stocked and distributed.

I am to request you, therefore, to intimate whether it would be possible for the Government Press to continue these forms to be printed as hitherto and to supply them direct to the Municipalities on indents in modification of the procedure now in vogue or whether you would suggest any approved private presses in the several districts to whom this work may be entrusted with advantage and under proper safeguards which you

Srs

I am directed to state that in
accordance with the procedure prescribed in
G.O. no 4 1266-75/ml 365-29-2 dated
13-8-1930 the Comptroller ^{to Govt} is required
to keep stock of the Receipt Books relating
to the collection of municipal taxes and
other miscellaneous items of Revenue, after
getting them printed in the Govt press
and to issue them as required to the
municipalities. This system is stated
to be working not quite satisfactorily
owing to the increase in the number of
municipalities and their work and the
difficulty of getting the required forms
printed in the Govt press and supplied in
time to these local bodies. The Comptroller
has therefore proposed making the municipalities
themselves responsible for stocking these
Receipt Books getting them direct either
from the Govt press or from ~~printed~~
private presses approved by govt
Govt consider that the provision

of these Revenue Recovery forms as private
 presses would not be safe and economical
 and that it is desirable to have a
 central agency both for getting the forms
 printed stored and distributed

I am to Request you therefore

Subject - Supply of Receipt Books to the several
Municipalities in the State

With reference to your letter No L 1815-23 dated 1-8-47 on the above subject requesting me to furnish my views on the proposal of the Comptroller to Government on the question of making the Municipalities themselves responsible for the storing and issuing Receipt Books etc, in lieu of the existing procedure, I have the honour to state as follows

With a view to maintain uniformity and keep a check over the indents and issue of receipt books, which are endorsed with an anna stamp, it appears desirable and necessary that these books are printed at the Government Press and issued to the Municipalities on advance payment of the required amount on chellans through Government treasuries. The Comptroller may be divested of the responsibility to keep account of the stock as the Government Press has a Sales Depot attached to it and can honour indents from various municipalities on advance payments. Any necessity to check up the indents and issues can be had by a perusal of the accounts generally maintained in the Government Press Sales Depots

Revenue Department, Bangalore

Sir,

With reference to your letter No L 14374, dated the 6th instant, regarding the printing and supply of receipt books to the several municipalities in the State, I have the honour to forward herewith an approved list of Private presses in the Mysore State

As to the question of safeguards necessary against any possible misuse of these forms, since Government Watermarked paper is being used by every private printer who is doing Government work for departments like Insurance, Electrical, etc, it is found difficult to suggest any safeguards

Lastly, if this work were to be entrusted to private presses the cost is likely to be very high in view of the market conditions ~~of~~ the present

I have the honour to be,
Sir,
Your most obedient servant,

Superintendent

OFFICE OF THE COMPTROLLER TO THE
GOVERNMENT OF MYSORE

Bangalore dated 5th May, 1948

DO No 523/LR

urgent

Dear Sir,

RE Supply of Printed Receipt Books
to the Municipalities in the State

*Refers
above
6/5
6/5/48*

I write to invite kind reference to your letter No L 12154 dated 26-12-1947 addressed to the Superintendent, Government Printing, on the subject noted above and his reply furnished thereto in his letter No 2341 dated 11-2-1948. The question of making the Heads of Departments and Municipalities responsible for the proper custody and distribution of the Receipt and Cheque Books required by them, has been separately taken up with the Financial Secretary to Government in this office letter No 95/Ret dated 8-11-1947. The replies received from the Heads of Departments and Municipalities in the matter have also been forwarded to Government with this office letter No 716/BII dated 15-4-1948 and orders of Government are awaited

and order of Govt has been passed in the matter. See any order come from the Govt. for approval.

The question that is now pending for a long time is regarding the grant of permission to the Municipalities to get the Receipt Books printed at Private Presses. I request you kindly to obtain and communicate early orders of Government in the matter. In this connection, a copy of letter No Ind 5/47 48 dated 9-2-1948 received from the President, Municipal Council Chamarajanagar, seeking sanction for certain Receipt Books got printed at a local Press, is also enclosed for information and for the issue of such orders as Government may deem fit in the matter.

Yours sincerely,

V T Sreenivasan

=====

Subject Supply of Octroi Receipt Books

I beg to invite your kind reference to your letter No 362/Lr dated 9/10-1-1948 stating that Octroi Receipt Books are not in stock in your office and to state that inspite of repeated requests submitted for the last three months and several telegrams issued therefor for the supply of receipt books, no supply was received in this office About 10 books of M A M 28(b) was obtained as loan from Nanjangud Municipality two months back As it was practically impossible to manage without receipt books, M A M 16(b) and M A M 20 that were in stock in this office were used for this purpose, Even then no supply was received from you

Under the above circumstances, I have in anticipation of sanction, got about 100 books of M A M 28 (b) books printed at the local press taking every care and precaution from being misused by the Press I request that my action in this behalf may kindly be approved

Dear Sri Shamanna,

RE Supply of Printed Receipt Books to
the several Municipalities in the
State.

mis maybe
referred to
L S G for
Pay
20/5

In inviting kind reference to this office letter No 699/LR dated the 30th June 1947 addressed to you on the subject noted above, I write to state that the Secretary to Government, Revenue Department, has since intimated in his letter No L 16730 dated 10-5-1948 (copy enclosed) that Government are not in favour of entrusting the printing of Municipal Receipt Books to Private Presses and that the existing practice may continue. In this connection, a copy of letter No 2341 dated 11-2-1948 addressed to Government by the Superintendent, Government Printing, explaining the difficulties experienced by him in getting through the work at the Government Press is enclosed for information. In view of the frequent complaints received from many of the Municipalities regarding the inordinate delay in the supply of the Receipt Books, I suggest that Government in the Financial Department may kindly re-examine the question and approve the proposals made in this office letter dated 30-6-1947, referred to above. As already intimated in that letter the practice of getting the Receipt Books of Local Bodies printed at Private Presses is already in vogue in Madras from a very long time. A practice which has worked well in a neighbouring Province is well worth copying by this State in view of the difficulties expressed by the Superintendent, Government Printing, to print and supply the requirements of the Local Bodies and the declared policy of giving Local Bodies more powers to look after their own affairs properly. In any case it must be obvious that it is no use denying the Local Bodies the freedom to print and stock what they need for their daily transactions, while the Government Press and the Comptroller are not in a position to comply with their requirements. The letter of the Revenue Secretary that the existing arrangements

may continue means that the existing difficulties of the Local Bodies will have to continue without any prospect of a solution I request you to kindly look into this question so that a realistic solution may be reached in the matter

Yours sincerely,

B. Sreenivasan

the printing work of Receipt
Books etc to private Presses*

Letter No 2341 dated 11th February 1948 from the Superintendent,
Government Printing, Bangalore, to the Secretary to Government,
Revenue Department, Bangalore

=====

Referring to your letter No 12154 dated the 26th December 1947 and subsequent D O No 13304 dated the 10th instant, regarding the question of printing and supply of printed ~~Rec 1st~~ Books to several Municipalities in the State, I have the honour to state that a change in the existing system is suggested because of the difficulty of getting the required forms from the Government Press in time and supply them to local bodies. It has been found difficult for the Government Press to arrange timely supplies on account of the abnormal conditions of the present situation, overwhelming work devolving on the Press, difficulties in securing adequate and timely supplies of paper and other printing materials and to some extent of labour and the absence of sufficient number of printing machine equipment. As soon as conditions improve, it would not be difficult to arrange for timely supplies.

Though it is not desirable that these forms be got printed at private Presses, in view of the acute difficulty being experienced for getting through this work in the Government Press, it is for orders of Government if the forms may not be got printed as a temporary measure at private presses by the Municipalities themselves who may be held responsible for their proper printing, stocking and use.
